SUMMARY

Software Engineering student with hands-on full-stack web development experience, including an internship at INSA. Builds web applications using **HTML, CSS, JavaScript, React, Next.js, Spring Boot, Node.js, PostgreSQL,** and **MongoDB**. Certified in AI & Programming (Udacity) and Front End Development (Prodigy). Fluent in English, Amharic, and Afaan Oromo, with a fast learning curve and strong attention to detail.

EDUCATION

Jimma University **Expected 2027**
B.Sc. in Software Engineering *Jimma, Ethiopia*

EXPERIENCE

Information Network Security Administration (INSA) **Ethiopia**
Full-Stack Development Intern

- Built and maintained **full-stack web applications** in a professional environment, working across front-end and back-end.
- Collaborated on development tasks, applying industry practices for **coding, testing,** and **debugging**.

PROJECTS

Smart Retailer Management (GitHub)

- Designed and built a **full-stack** retail management application, working across front-end and back-end components.
- Applied core web development practices including UI design, functionality testing, and debugging.

Certificate and Key Management (CKM) (GitHub)

- Built an application for managing digital certificates and keys, reflecting an interest in security.

Eyuel Traditional Restaurant Website (GitHub)

- Developed a responsive restaurant website to present the menu and brand online.

Daily Planner (GitHub)

- Created a daily planner app for organizing tasks and schedules.

Front-End Web Projects (Prodigy) (GitHub)

- Built a landing page, stopwatch, tic-tac-toe game, and weather app using **HTML, CSS,** and **JavaScript** as part of the Prodigy program.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript
Frameworks/Libraries: React, Next.js, Redux Toolkit, Bootstrap, Spring Boot, Node.js
Databases: PostgreSQL, MongoDB
Tools & Platforms: Git, GitHub, Google Workspace (Docs, Sheets, Drive)

LANGUAGES

Afaan Oromo: Native | **Amharic:** Very good working proficiency | **English:** Fluent

HONORS & CERTIFICATIONS

- AI & Programming Certificate – Udacity
- Front End Development Certificate – Prodigy
- Social Media Marketing – HubSpot
- Digital Marketing – HubSpot
- Participant – Cursor Hackathon
